Zenosos is November’s Xbox Ambassador of the Month!

Community NerdyBirdy Nov 1, 2022

It’s November and we have another new Xbox Ambassador of the Month! Please welcome Zenosos!

Zenosos is a life-long gamer and an avid fan of popular gaming series like Assassin’s Creed. Find out more about them below and be sure to say hi if you see them in Xbox spaces.

How did gaming become one of your passions?

Gaming begun at a young age for me with my dad buying my first console (PS1) and I enjoyed playing games like Spyro and Crash Bandicoot. I spent a lot of time watching my dad playing Tomb Raider and learning how to play more complex games as I grew up and always enjoyed the close bond I had with my dad in gaming in my early days.

What’s your favorite video game or franchise, and why?

I would say my most fun gaming series to date has to be Assassin’s Creed. I have played since the beginning and enjoyed the ever- growing story, both in the animus and real-world events that unfolded from the series. Also creating 2 stories in one, which I hope will eventually collide into one. Assassin’s Creed has always been a great story game for me as it combined my love for having very few boundaries, with collectibles and fulfilled story missions that add to the experience. I even go far as to have had the Creed motto tattooed on my left inner arm to remind me of the meaning it brings.

How long have you been an Xbox Ambassador for, and how did you first hear about the program?

I have been part of the program for over 6 years and see it evolve and heard about the program through the Xbox website and marketing. As gaming had help me with my anger issues, I wanted to represent my favorite game brand to help others feel more positive about themselves while gaming n outside.

Do you have a favorite Xbox Ambassadors memory that you’d like to share?

Probably my favorite memory was from X019, as although I had dislocated my knee for the third time and had crutches, I made it my mission to attend the event and spent a lot of time hanging out with the ambassador team at the event. I enjoyed the afterparty that followed at a nearby gaming bar and got roped into trying Slapper mode in the original Golden Eye game.

For you, what’s the most important line of the Xbox Ambassador Pledge and why?

For me I like to use my content creation platform to promote a safe environment for gaming on Xbox and to me that means to make sure

everyone can be included in playing games, discussions without bullying or negative responses for their gaming opinions. I like to encourage a healthy space for everyone to discuss gaming. I want gamers to feel safe and feel they can be themselves while hanging out with me in games and my streams/video content on YouTube.

What does a healthy community mean to you?

To me is giving everyone a space to feel safe to share their opinions/voices and generate and healthy discussion without fear of argument or toxic environment that creates negativity. Keeping things positive and trying to teach more to be more positive is the focus of communities I'm part of or create. I also want to create a healthy space where all communities including LGTBQ+, disabilities and other minority groups into one community that can positively help each other inside and outside the gaming space and empower each other.

How do you think online communities positively impact the lives of gamers?

As an owner of my own online community, I feel that I positively impact the lives of other gamers by setting an example through sharing my own story of depression and anxiety and showing them that they too can overcome anything they wish. I feel I create a positive environment for other gamers to learn and an enjoyable space to discuss gaming and other subjects together.

What do you like to do outside of gaming?

My love for food is something I enjoy and during my travels I love to visit and review different places all the time and share my food opinions with the world. Some would say I enjoy food a bit too much at times, seeing as I'm also known as the cookie king. In recent months I have also found love for anime that I do after long gaming sessions to relax.

As Ambassador of the Month, what message do you have for other members of the Xbox Ambassadors community?

Love, positivity and accepting are all important aspects of being happy while on the platform and will always recommend trying it. Making new friends can be important and healthy way to enjoy days of gaming and to lasting friendship that can be enjoyed in the outside world beyond gaming. gaming is more than the platforms we play on and can be a great way to enjoy life.
